

#### Dear Readers,

I am pleased to present to you another edition of Tula's messenger. This edition is dedicated to the recently held Founder's Day. With each year passing there are new challenges, new goals that Tula's International is aiming to achieve. Very few have fully realized the wealth of sympathy, kindness and generosity hidden in the soul of a child. The effort of every educator should be to unlock the treasure and Tula's International School is the best example where everyone strives indefatigably towards this.

At Tula's, we believe that there is more to education than the classroom sessions. Hence, the student is presented with many opportunities to participate and explore one's own capacities. Each issue of our school newsletter is a milestone that marks our growth, unfolds our imaginations, and gives life to our thoughts and aspirations. It unleashes a wide spectrum of creative skills ranging from writing to editing and even in designing the magazine.

I congratulate the entire editorial team for their hard work and dedication in making this dream come true.

A committed and supportive management, dedicated teachers, caring and co-operative parents blend harmoniously to create a child-centric school. It is natural to find in this ambience, the intensive use of a variety of thinking activities, strategies and group dynamics so that the classrooms become alive.

Hope you enjoy our mosaic of Founder's Day activities and acknowledge the talent of our students. On behalf of Tulaites, I welcome you all to provide us with your suggestions, comments and any valuable contributions.

Mr. Raunak Jain
Managing Director

Teachers at Tula's International School work closely with their students, which allow them to really understand the strengths and difficulties of each individual. This means students get more support and encouragement in the areas that really matter.

Tula's International School is truly a special place. I feel the warmth as soon as I enter the campus. The children are happy. I have seen my child growing emotionally, physically, mentally and educationally over the years. The staff is very competent and caring professionals who treat each child as if they are their own.

My child is performing well in academics. The support of the teachers has been outstanding. They are willing to try new things and help my child grow and learn at her own pace. They also value and respect my input as a parent. They give my student more individualized attention than he had before

## **Enjoyed working with students of Tula's**

"Creativity, Originality, Commitment, Flexibility, Positive & Open attitude and lots of passion is required to give your best.

First and foremost, I strongly believe that you have to be passionate about whatever you are doing. If you are not crazy about it, then might as well not do it. The most rewarding thing for me after choreographing such programs is seeing all your hard work come to life on the stage. Another amazing feeling is having students come back to you and say, "You inspired me to do this. You gave me the courage to go try that." Working with Tula's was a great experience for me. The students were very cooperative and disciplined. They felt love for Tula's and so did their best to make the show a grand success. I thank Tula's for giving me an opportunity to come and make the students dance to my moves. I always love teaching and choreographing the students. They are so smart, focused and eager to improve. It is satisfying to help them develop as artists. This enables me to push them towards their training and ask even more of them in the creative process."
